## **Mammography Technologist Opportunity (Prince Albert, SK)**

### **About Us**

Associated Radiologists LLP (AR) has a long history of providing medical imaging services in Saskatchewan. In addition to providing services within the Saskatchewan Health Authority, we operate 4 community-based clinics focused on X-Ray, mammography, and ultrasound services.

### **The Role**

We are seeking full-time and part-time mammography technologists for our Prince Albert location. We are open to applications from experienced mammography technologists, as well as X-Ray technologists and recent graduates interested in a career in mammography. Training and mentoring will be provided.

### **You will be:**

- A graduate of an accredited X-Ray program recognized by CAMRT and SAMRT.
- A member in good standing of CAMRT and SAMRT with liability insurance.
- Willing to pursue CAR registration in mammography.
- Committed to excellent patient care and continual learning.
- Known as a team-player and a strong communicator.

### **What we offer**

We offer competitive compensation with health and dental benefits and an employer-sponsored pension plan. This role is limited to weekdays and daytime hours. Required professional membership dues are covered as well as continuing education opportunities. Our preference is for full-time employees, but part-time arrangements will also be considered.
