Agenda

AGENDA
ANNUAL GENERAL MEETING
Saskatchewan Association of Medical Radiation Technologists
Saturday, September 11, 2021, at 10:00 AM.
Regina, Saskatchewan

1. Call to order and Council Roll Call
 - 1.1. Introduction of Council and Staff
 - 1.2. Introduction of Public Representatives
 - 1.3. Introduction of Parliamentarian and Scrutineers
2. Opening Remarks – SAMRT President
 - 2.1. Land Acknowledgement
 - 2.2. Recognition of Distinguished Individuals
 - 2.3. Briefing on AGM Procedures
3. Adoption of the Agenda
4. Approval of the Minutes of the Annual General Meeting September 26, 2020
 - 4.1. Business Arising from the Minutes
5. Annual Reports
 - 5.1. President and Executive Director/Registrar Report (page 5-7 Annual Report)
 - 5.2. Committee Annual Reports (Pages 8 to 17 Annual Report)
 - 5.3. Financials
 - 5.3.1. Audited Financial Statements, 2020 Fiscal Year (pages 20 to 29 Annual Report)
 - 5.3.2. 2021 Budget
 - 5.4. Annual Reports from Outside Agencies
6. Announcement of Newly Elected 2022 Council Members
7. Other Business
8. Award Presentations
9. Adjournment

AGM Meeting Procedures

Meeting Protocol:

The SAMRT Annual General Meeting (AGM) uses Roberts Rules of Order. The rules of order help us to get through the business in an organized manner. The AGM is an opportunity for members to participate in discussions with the Council and other members in attendance and to have this exchange of information recorded and made accessible to the membership at large (through the minutes). Any SAMRT member can make a motion or second it; making a motion just allows us to discuss an item.

The Chair directs the conversation; they are assisted during the virtual AGM by an appointed Moderator. If you have questions, use the question field of the meeting platform and direct them to the Moderator. The Chair will then work with the Moderator to acknowledge your question, which the Moderator will read out.

The parliamentarian is here to help - for example, if you wanted to propose a motion but don't know how to word it. They also make sure the Chair runs the business smoothly and fairly.

The protocol established for the virtual AGM requires that each member who wishes to ask a question uses the question field in the virtual platform. The question field is monitored by a Moderator who will read the questions aloud.

1. Enter your full name at the beginning of your question.
2. Once you have submitted the question the moderator will read it aloud. General questions may be held to the end.

Motions

Note that Practicing and Non-practicing members have a voice and can vote.

Students and Life-Members can vote; however, they may not make motions or participate in the debate.

Every Motion Has 6 Steps:

1. **Motion:** When a member wants to make a motion of any sort, they must type the motion into the question field, beginning by stating their last name; the Moderator then reads it aloud.
2. **Second:** Another member seconds the motion.
3. **Restate motion:** The chairperson restates the motion and then the debate can begin.
4. **Debate:** The members debate the motion. This will also be done using the question field in the virtual platform by typing their full name and comments into the question window, and the Moderator will read the message aloud.
 - 4.1. All comments and questions must be relevant to the motion.
 - 4.2. Avoid repetition.

- 4.3. No member may speak twice in support of or in opposition to a question on the floor.
- 4.4. The Chair may request a member provide further explanation of the matter currently on the floor.
- 4.5. The member may then respond with clarification but may not make further comment.
- 4.6. The mover of the motion can, at the conclusion of debate, be allowed a reply.
5. **Vote:** The chairperson restates the motion, and then asks for a vote.
 - 5.1. Reminder, only SAMRT members can vote.
 - 5.2. Members attending the meeting virtually will be asked to vote on motions using the polling function.
 - 5.3. Note that if members are attending the meeting virtually in a group setting, there will be only 1 vote permitted per registration. If a member wishes to cast their own vote, they must register, login, and engage with the meeting independently or via a handheld device.
 - 5.4. Only votes “for” and votes “against” are counted. Once a decision is reached, the same question cannot be considered again during the same meeting.
6. **Announce the vote:** The chairperson announces the result of the vote and any instructions.

Amendments

1. An amendment can alter a motion but cannot negate the intent.
2. Amendments must be relevant to the original motion.
3. Amendments must not introduce a new item of business.
4. The order of voting on a motion that is amended is:
 - the amendment to the first amendment;
 - the first amendment (possibly as amended); and
 - the original motion (possibly as amended).
5. Each member can speak separately to each amendment and to each amended amendment or amended motion.

Motion to Defer

1. If the membership has difficulty with a motion on the floor and wants time to think about it and perhaps discuss it, a decision can be deferred. A motion to defer postpones further debate until a specified time.
2. A motion to defer (postpone) is eligible for debate if the discussion is confined to the postponement action only. The original question being deferred is not to be discussed while the motion to defer is before the meeting.
3. If the membership agrees to postpone the question, the debate ceases until the time specified in the motion to postpone. The debate is then resumed where it left off.

Non-Debatable Motions

Robert’s rules permit debate on almost every motion that reaches the floor through proper procedure. Some exceptions which are all non-amendable and not debatable are:

1. motion to adjourn debate on a particular question;
2. motion to adjourn the meeting; and
3. motion to challenge the ruling of the Chair.

The SAMRT Constitution governs what occurs during our general membership meetings. The *Rules of Order* are not those of the President, the Council, the Parliamentarian, or any other individual or sub-group. *Robert's Rules of Order* arise out of that constitution and are designed to assist and protect your individual rights during our general membership meetings. Each member has a right to freely express any relevant opinion to the Association. These rules must not appear to be a threat to anyone. They are there to be used to promote members' ideas and are not solely for the Chair's benefit.

Special Rules of Order for AGM's

(Appendix C SAMRT Administrative Bylaws)

Parliamentary Authority

The most recent edition of *Robert's Rules of Order* shall govern the organization in all procedural matters not otherwise covered by *The SAMRT Administrative Bylaws, 2015*.

Scrutineers

Scrutineers will be appointed by the executive director prior to the annual or special meeting.

Parliamentarian

A designated parliamentarian will be at all annual or special meetings.

Meetings will be conducted in an orderly, effective process, led, and defined by the chair.

1. All bylaw obligations respecting annual general meetings must be satisfied.
2. SAMRT members entitled to hold a voice and vote at the SAMRT annual general meeting include those holding full Practicing membership or non-practicing membership. SAMRT members entitled to vote at all annual general meetings include those holding student membership, or life membership.
3. Annual general meetings shall be called to order at the time specified in the notice of meeting and upon satisfaction of quorum. A quorum for any annual meeting shall be the members present, entitled to vote.
4. Meeting order and decorum shall be maintained, and all members treated with dignity, respect, courtesy, and fairness during discussion and debate and in all other respects.
5. SAMRT members must keep their comments relevant to the issue under consideration.
6. Annual general meetings will be conducted at a level of informality considered appropriate by the chair, including that discussion of a matter may occur prior to a proposal that action be taken on any given subject.

7. A motion from the floor must be offered by an SAMRT member. It shall be submitted directly to the secretary of the meeting and must be signed by the mover and seconder. A motion will be made, discussed, and then voted on. Note: for the virtual AGM, a motion will be submitted through the question field and will be directed to the appointed Moderator.
8. After a motion has been duly moved and seconded, the mover will be recognized as the first speaker and will be permitted to speak a second time in the closing debate of the subject.
9. A member may speak only once to any one motion for a maximum of three minutes unless special permission is granted by the chair.
10. The chair of the annual general meeting may not to the same extent as any SAMRT member, make motions or engage in debate.
 - 10.1 If the chair wishes to engage in debate, they may step down temporarily to engage in discussion. At such a time, the parliamentarian shall take over as chair.
11. In the case of a tied vote, the motion will be defeated.
12. A motion to amend a main motion may be amended but third level amendments are out of order.

Draft Minutes 2020 AGM Meeting

MINUTES ANNUAL GENERAL MEETING

Saskatchewan Association of Medical Radiation Technologists

Saturday, September 26, 2020, 10:00 a.m.

Via Zoom Webinar

1. Call to Order

The President, Mary Rafferty, called the Annual General Meeting to order at 10:00 a.m.

(a) Introduction of Council and Staff

The President introduced the following Council members and staff:

- Katelyn New, Vice President
- Scott Mildenberger
- Ariel Adamson, absent
- Finte Adem, absent
- Kaylyn Hagel
- Brenda Lock
- Nathan Rosenberg, absent
- Ada Bunko, CAMRT Director
- Debbie Schatz, Executive Director/Registrar
- Meegan Russell, Administrative Assistant

(b) Introduction of Public Representatives

The President introduced the three Public Representatives appointed by the provincial government.

- Alan Cannon
- Ryan Klassen, absent
- Eugene Paquin

(c) Introduction of Parliamentarian, Scrutineer and Moderator

The President introduced Melanie Hilkewich as Parliamentarian and Debbie Schatz, the Executive Director/Registrar as the Scrutineer and Moderator.

2. Opening Remarks

The President welcomed everyone to the inaugural Zoom AGM. The President then acknowledged that the land on which we gather is Treaty 4 and Treaty 6 territory, and the home of the Métis. The meeting will follow Roberts Rules of Order for the AGM and members were advised how to forward questions and to submit polling answers.

3. Adoption of the Agenda

There were no additions to the agenda.

MOTION

That the agenda for the 2020 SAMRT Annual

General Meeting be adopted as presented.
Brenda Lock/Alan Cannon
CARRIED

4. Approval of the minutes of the Annual General Meeting May 4, 2019

There were no changes to the May 4, 2019, minutes.

MOTION
That the minutes of the SAMRT May 4, 2019
Annual General Meeting be approved.
Brenda Lock/Alan Cannon
CARRIED

4.1. Business Arising from the Minutes

There was no business arising from the minutes of the 2019 Annual General Meeting.

5. Annual Reports

5.1. Report from the President and Executive Director/Registrar

The report from the President and the Executive Director/Registrar can be found on pages 3 to 5 of the Annual Report.

- a) The Governance Transition Committee finished their mandate which included the development of the 2020-2022 Strategic Plan.
- b) Sonographer Regulation - the government has asked for further consultation before the application can move forward.
- c) Website and Database –a new member database and website development vendor was selected, and we began the requirement development phase of the project.
- d) On a national level, the SAMRT participated in a lengthy consultation process with National Network members to update the Terms of Reference and Memorandum of Understanding with the Canadian Association of Medical Radiation Technologists (CAMRT).
- e) Provincially, as a representative of the Network of Inter-professional Regulatory Organizations (NIRO), we are pleased to announce the launch of a new website that provides easy access to health profession information for the public for the Saskatchewan based health regulators.

5.2. Committee Annual Reports

The Committee annual reports can be found on pages 7-16 in the Annual Report. The President asked if there were any questions regarding each of the following committees:

- a) Professional Conduct Committee – no questions.
- b) Discipline Committee – no questions.
- c) Regulation of Sonography Advisory Committee – no questions.
- d) Conference Committee – no questions.
- e) Continuing Competence Committee – no questions.
- f) Nominating Committee – no questions.
- g) Ownership Linkage Committee – no questions.
- h) Audit Committee – no questions.
- i) Awards Committee – no questions.

5.3. Financials

- a) **Audited Financial Statements, 2019 Fiscal Year**

- a. The 2019 Financial Statements can be found on pages 20-29 of the Annual Report. There were no questions or comments about the 2019 Financial Statements.

b) 2020 Budget

- a. The 2020 Budget was included in the AGM package. There were no questions or comments about the 2020 Budget.

5.4. Annual Reports from Outside Agencies

The Reports from Outside Agencies are included in the AGM package.

- a) Alliance of Medical Radiation and Imaging Technologist Regulators of Canada (AMRITRC) – no questions.
- b) Network of Inter-Professional Regulatory Organizations (NIRO) – no questions.
- c) Program Advisory Committee (PAC) – no questions.
- d) The Radiation Health and Safety Committee Report – no questions.

MOTION

That the President and Executive Director/Reports as well as all of the Committee and Outside Agencies Annual Reports be accepted.

Brenda Lock/Alan Cannon

CARRIED

6. Announcement of Newly Elected 2021 Council Members

There were three (3) Council vacancies this year. The call for nominations was sent out on January 15th and closed on March 16th. There were three vacancies, and three qualified members were nominated therefore Council acclaimed the nominees at the April 24, 2020 Council meeting. Julie Lemoine, Michael McKechnie and Mary Rafferty were acclaimed to serve on Council for a three-year term effective January 1, 2021.

Regrettably, Julie Lemoine has since had to withdraw her name. The Nominations Committee recommended Finte Adem to serve a one-year term until an election can be held. Council voted and accepted the recommendation. Finte Adem accepted the recommendation.

Congratulations and welcome to the new and returning Council members.

Council elected Mary Rafferty as the 2021 President and Katelyn New as the 2021 Vice President at the September 25, 2020, Council meeting.

7. Further Business

The President announced that any member may bring forward a question or concern or may make recommendations to Council at this time.

Questions from members:

- i. Will the fees be remaining the same? Yes, at this time there is no increase.
- ii. Are there any vacancies on committees? A general call to members will be sent out in the 4th quarter for open positions on committees.
- iii. There were a few comments on the new website that the format is great and very functional.

- iv. There was a question regarding the public registry – it was discussed at the September 25, 2020, Council meeting and Council is in the process of working through the response; it will be shared with all the members.

8. Awards

Presidents Award – Scott Mildenberger (2018 and 2019)

Announce by President Mary Rafferty, this award recognizes the significant contributions the member made during their term as President.

Scott Mildenberger, Chair of the Awards Committee presented the following excellence awards:

Academic Excellence Award

The Chair acknowledged the three recipients of the 2019 Saskatchewan Student Awards for highest CAMRT exam marks in the following disciplines:

- i. Magnetic Resonance Imaging – Cain Gridale
- ii. Nuclear Medicine – Kyla Hankins
- iii. Radiological Technology – Taylor Stelzer-Rossignol
- iv. Radiation Therapy – There were no students with a Saskatchewan mailing address.

Volunteer Award Outgoing Council Member - Bashir Jalloh

Bashir served on Council from 2011 to 2019, including two terms as President in 2015 and 2016.

Clinical Excellence Award – Cole Fransden

The Clinical Excellence Award acknowledges an individual who provides exemplary direct care to patients in medical radiation technology. They provide respectful, efficient, effective, safe, and ethical care, participates in the development of new knowledge or research, and promotes the profession by example of clinical excellence to others.

Mentorship Award – Janet Patterson

The Mentorship Award acknowledges an individual who directly participates in activities that promote education and development of medical radiological technology students, colleagues, and other health professionals. They also promote the profession by being an excellent mentor to others.

9. Adjournment

MOTION

To adjourn the September 26, 2020 AGM.

Brenda Lock/Alan Cannon

CARRIED

The President adjourned the meeting at 10:46 a.m.

2020 Annual Report

Refer to the following sections and pages in the SAMRT Annual Report

2020 Council & Staff – Pages 3 - 4

President and ED/Registrar Message - Pages 5 - 7

Annual Reports from Outside Agencies

Alliance 2020 Annual Activity Summary

The Alliance of Medical Radiation and Imaging Technologists Regulators of Canada

(AMRITRC), or the Alliance, is a group of provincial regulators who address issues related to the evolution of medical radiation and imaging technologist regulation with the goal of enhancing safe, competent, and ethical care for Canadians. The Alliance brings together organizations that have the legislative authority of a Canadian province or territory for regulating practice of medical radiation and imaging technologists. It was formed to ensure public protection by advancing MRIT regulation, professional standards, patient care, and regulatory issues. Eight years following incorporation, the Alliance continues to work to achieve the following goals:

- Encouraging and supporting communication and information sharing
- Developing, promoting, and evaluating common standards
- Facilitating MRIT mobility between regulated jurisdictions
- Encouraging and promoting standardised regulatory policies and procedures
- Supporting provincial MRIT organizations in their pursuit of MRIT regulation

Alliance members are regulatory bodies, responsible for ensuring safe, quality, professional, ethical, and competent imaging, and radiation therapy services in their respective jurisdictions, helping to ensure that MRITs practice in accordance with defined practice, competence, conduct, ethical and professional standards.

For the first time since the Alliance's incorporation, no "in person" meetings were held at any time during the year. This was, as could be assumed, due to the COVID-19 pandemic. The Alliance Board of Directors focused on priority issues during 2020, using virtual meeting platforms to safely assemble.

médicale du Canada

Highlights

The Alliance Board of Directors and guests at the November 16th Zoom Board meeting

COVID-19 PANDEMIC

The Alliance Board of Directors met via Zoom during 2020, welcoming the not-yet-regulated jurisdictions' representatives to join those meetings. The information-sharing, as the effects of the pandemic upon regulators and the healthcare system were realized, was of tremendous benefit.

It was agreed that information-sharing would be the priority for the Alliance for 2020 due to COVID-19. To support this priority, virtual monthly check-ins were initiated and will continue as the benefits go beyond pandemic needs.

The Alliance expresses its appreciation to MRITs that its members regulate for their tireless efforts, providing safe care to Canadians, with condolences to all who suffered loss during 2020.

Alliance of Medical Radiation and Imaging
Technologists Regulators of Canada

Alliance des organismes de réglementation
des technologues en radiation et en imagerie
médicale du Canada

RECURRING ACTIVITIES

The Alliance, while focusing on information-sharing during 2020, continued its regular work on the following:

- Canadian Comparison Chart of Regulators and Associations for MRITs — updated annually, published on Alliance website
- Canadian Free Trade Agreement (CFTA) Certificate — supports labour mobility and registration practices for individual regulatory bodies
- Canadian Network of Agencies for Regulation (CNAR) — Julie Avery serves as the Alliance’s representative
- Focus on governance — annual review of Governance Summary and Handbook, along with (Re)Orientation for Alliance Directors
- Cross-Country Information-Sharing — Board meetings include opportunities for members and guests from not-yet-regulated jurisdictions to provide updates on MRIT regulation, e.g., the inclusion of diagnostic medical sonographers (DMS), internationally educated MRITs, and updates on organizations’ governance modernization efforts.

NATIONAL NETWORK

The Alliance is a member of the National Network, a coalition of organizations with a shared interest in the profession of medical radiation and imaging technology in Canada. The National Network includes provincial regulators and associations, and nationally, CAMRT, Sonography Canada, and the Alliance. No meetings of the National Network were held in 2020 due to individual organizations’ priorities related to COVID-19 pandemic.

CANADIAN ASSOCIATION OF MEDICAL RADIATION TECHNOLOGISTS (CAMRT)

The Alliance joined the MRIT community in welcoming new CAMRT CEO Irving Gold, who met with the Alliance Board via Zoom on July 20th. Alliance members continue to share their appreciation for the work of CAMRT, including the invitation for the Alliance - Christine Power - to be part of the MR in Therapy Task Force and the provision of entry-to-practice exams to assist with the regulation of MRITs across Canada.

AMRITRC

BOARD OF DIRECTORS

- *Julie Avery, NSCMIRTP (formerly NSAMRT)*
- *Caroline Bélisle, OTIMROEPMQ,*
- *Linda Gough, CMRITO*
- *Christine Power, NBAMRT*
- *Debbie Schatz, SAMRT*
- *Pree Tyagi, ACMDTT*

AMRITRC

OFFICERS

- *Linda Gough, President*
- *Pree Tyagi, Vice-President*
- *Julie Avery, Secretary-*

Network of Inter-Professional Regulatory Organizations (NIRO)

Saskatchewan Health and the Network of Inter-Professional Regulatory Organizations (NIRO) are committed to promoting ethical and competent professional services and minimizing the risk of harm to consumers. Saskatchewan Regulators are committed to protecting the public. We normally meet in person twice a year, and otherwise have frequent email discussions as the need arises.

From March to July 2020, the Ministry of Health, the Saskatchewan Health Authority and NIRO regulators met weekly to discuss issues and to work collaboratively on pandemic planning. The meetings were suspended in July and resumed in December.

The NIRO website provides basic information about self-regulation and the complaints process and includes a link to each of the 27 health-related professions with the authority to regulate their profession. More information is available at <http://www.nirosask.ca/>

Program Advisory Committee (PAC)

There was no PAC meeting in 2020, however, we were advised by Saskatchewan Polytechnic that the PAC program was undergoing a review. In 2020/2021 year, it will be split into two committees, one for the Imaging program and one for the Laboratory program. The SAMRT has appointed one additional representative to the PAC and a meeting is anticipated in the spring of 2021.

Radiation Health and Safety Committee Report 2020

The Radiation Health and Safety Committee is made up of the following persons appointed by the minister:

- a) a diagnostic radiologist nominated by The College of Physicians and Surgeons of Saskatchewan;
- b) a radiation oncologist nominated by The College of Physicians and Surgeons of Saskatchewan;
- c) a duly qualified medical practitioner nominated by The College of Physicians and Surgeons of Saskatchewan who, by reason of his or her being a specialist in pathology or internal medicine, has extensive knowledge of and training in hematology;
- d) a dentist or dental surgeon nominated by the College of Dental Surgeons of Saskatchewan;
- e) a medical radiation technologist nominated by the Saskatchewan Association of Medical Radiation Technologists;
- f) a veterinarian nominated by the Saskatchewan Veterinary Medical Association;
- g) a physicist experienced in radiation physics;
- h) a person with expertise in uranium radiation protection issues;
- i) one or more persons selected by the minister;
- j) the employee of the ministry responsible for supervising the provision of the services mentioned in section 5-20; and
- k) one radiation health officer.

The purpose of the Radiation Health and Safety Committee is to:

- a) advise the minister with respect to radiation health generally, safety measures and recommended codes of practice to be issued by the minister to every owner, operator and

other person in Saskatchewan who may be exposed to radiation concerning radiation health, safety measures and the operation and use of radiation equipment and the use of radioactive substances;

- b) promote an educational program among all owners, operators, radiation workers and other persons who may be exposed to radiation respecting radiation dangers and the protection, in accordance with the practices recommended by the committee, of the health of owners, operators, radiation workers and other persons who may be exposed to radiation;
- c) give general direction and professional advice to radiation health officers, including direction and advice with respect to the standards to be observed by officers in approving plans for establishing radiation installations;
- d) make recommendations respecting the acquisition, operation and use of radiation equipment and associated apparatus and the use of radioactive substances;
- e) advise the minister respecting the minimum age at which a person may be employed as a radiation worker in any occupation or category of occupations;
- f) advise the minister respecting conditions to protect the reproductive health of any category of persons, including the conditions under which persons of reproductive age may be radiation workers; and
- g) deal with any other matters relating to radiation health that the minister may refer to it.

No Radiation Health and Safety Committee meetings were held in 2020 due to COVID19.

Respectfully Submitted,

Brenda Lock MRT CIR

Radiation Health and Safety Committee SAMRT Representative

December 22, 2020

CAMRT Report

The Canadian Association of Medical Radiation Technologists (CAMRT) is the national professional association and certifying body for radiological, nuclear medicine and magnetic resonance imaging technologists and radiation therapists. Their annual report is available on their website and is linked here for your convenience.

[2020-Annual-Report_EN_Final.pdf \(camrt.ca\)](#)

Appointment of Council

There were 3 vacancies for Council term effective January 1, 2022, and seven members allowed their names to stand. The election results will be announced at the AGM.

The 2022 President and Vice-President will be announced at the AGM (determined by Council on September 10th).

Awards

The winners will be announced during the AGM.

Academic Excellence Award

This award is presented annually to the graduate with the highest marks on the CAMRT national certification exam in the prior year. The member must have attended a Saskatchewan program, or attended an out-of-province program, but completed their practicum in Saskatchewan. One prize is awarded for each of the four disciplines.

Volunteer Recognition

This award is presented annually to council members who have completed their term of service and have chosen not to volunteer for an additional term. Recognition is also given to members who have served on a committee with a term ending in 2020.

Clinical Excellence Award

This award acknowledges an individual who provides exemplary direct care to patients in medical radiation technology. They provide respectful, efficient, effective, safe, and ethical care, participates in the development of new knowledge or research, and promotes the profession by example of clinical excellence to others.

Mentorship Award

This award acknowledges an individual who directly participates in activities that promote education and development of medical radiological technology students, colleagues, and other health professionals. They also promote the profession by being an excellent mentor to others.

Life Member Award

This award is given to a past or current member who has made an outstanding contribution to the profession of Medical Radiation Technology or to the Association.
