

Saskatchewan Association of Medical Radiation Technologist

VISION

The Saskatchewan public has access to safe medical imaging and radiation therapy delivered by highly skilled and valued professionals.

MISSION

To protect the public by demonstrating regulatory excellence of medical imaging and radiation therapy professionals in the province of Saskatchewan.

VALUES

SAMRT values shape our organizational culture, decision making and actions:

- Integrity
- Transparency
- Professionalism
- Collaboration
- Accountability

**Public protection is at the
forefront of our decisions**

STRATEGIC DIRECTIONS

1. Government, the public, health professionals and medical imaging and radiation therapy professionals, are aware of and value the profession.

- Improve awareness of medical imaging and radiation therapy among key health sector stakeholders
- Public relation campaign in place
- Members have access to tools to promote awareness of profession to patients and colleagues

2. The SAMRT supports the need for an increase of medical imaging and radiation therapy professionals in Saskatchewan.

- The Ministry of Health understands the need for more MRTs in Sask.
- Improved tools and support for internationally educated MRTs

3. An effective, integrated regulatory regime exists for medical imaging and radiation therapy professionals, including sonographers.

- Regulator role is promoted and understood
- Prepare to include DMS
- Protect the public by strengthening capacity and effectiveness
